

**Lean Process Improvement Trainee
(Erasmus+ traineeship in Industrial Engineering)**

Location: Nitra region

Start: September 2018

Duration: 5 months minimum

Working language: English

This internship is a part of the Placement Slovakia program. All applying candidates have to be confirmed to receive an Erasmus+ learning agreement by their education institution covering the whole internship period.

Company profile:

This internship is in a Slovak engineering and production company, especially in their production division of complex assemblies dealing with custom production of sheet metal parts and assemblies as well as assemblies made from different profile types and materials (steel, stainless steel and aluminium). Company offers development and design in CAD/CAM systems. The production is very precise and fast due to the CNC technologies. ISO 9001:2008, ISO 14001:2004 and ISO 3834 certificates guarantee the process stability. It is a reputable company with over 100 employees, working on local and international projects.

Position description:

The trainee will be working on continuous improvement activities in the company division of complex assemblies (5S, production targets, kaizen events, process optimization, waste elimination) and on creating norms for manufacturing technologies (welding, grinding, etc). The trainee will have opportunity to participate in creation of startup environment in the company (system design, marketing).

Qualifications:

- Student/graduate of mechanical engineering or quality/project/business management,
- Good level of English,
- Well organised, Initiative and motivated person, willing to learn
- Interest in lean manufacturing and its concepts
- Ability and willingness to work in an agile environment
- Interest or experience in startup environments

Knowledge and skills the trainee can learn during the internship:

Trainee will have opportunity to gain practical skills in process improvement, lean implementation, project management and startup system build-up. It is an opportunity to make an impact.

Benefits:

- Free accommodation provided,
- Affordable meal plan in company canteen
- Standard support by our team. For more information check our website www.placementslovakia.com
